

Education Programs

At Santa Monica Mountains National Recreation Area, several themes are emphasized in our *Parks as Classrooms* programs:

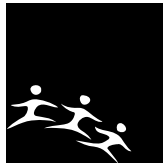

3rd & 4th Grades –

The Chumash:

A Changing People, A Changing Land

is a biological diversity program focusing on Native American uses of local plants and animals.

4th & 5th Grades –

One Land: Many People, Many Ways

is a cultural heritage program looking at similarities and differences in Native American, Mission, Spanish/Mexican rancho and modern cultures.

6th, 7th & 8th Grades –

Parks as Laboratories:

Studies of the Land, Air & Water

applies science skills to real park issues.

5th through 12th Grades –

National Park Legacy

explores geography and cultural heritage in various national parks.
